RIDE Impact Conference 2023

About the RIDE Impact Conference *"From Conviction to Redemption"*

RIDE (Returning Citizens Inspired to Develop Entrepreneurial Ventures) Impact Event is dedicated to providing a comprehensive pathway to economic development and empowerment for formerly incarcerated individuals. We recognize that successful reentry requires more than just finding or creating a job—it requires access to financial education, transferable skills, and holistic support for health and wellness.

Through a series of interactive workshops, expert panels, and networking opportunities, our event aims to equip returning citizens with the tools and knowledge needed to thrive as entrepreneurs. Our conference will focus on four pillars we call PATH:

- Pathway to Economic Empowerment Economic Development
- Access to Financial Education
- Transferable Skills
- Health and Wellness

The path is committed to providing a safe and inclusive environment, free from judgment or discrimination. We aim to inspire, motivate, and empower returning citizens as they embark on their entrepreneurial journeys. Join us as we pave the way for economic development, cultivate financial empowerment, nurture transferable skills, and promote holistic well-being among formerly incarcerated individuals. Together, we can redefine possibilities and create a brighter future for all.

Gordon Pack was incarcerated as a 15-year-old boy and given a life sentence. After serving almost 43 years in prison, where he acted as an advocate and mentor for countless men on the inside, he was finally released under the Juvenile Restoration Act in November 2022. Just a few weeks later, he resumed his advocacy work when he joined the PREPARE team as a Parole Advocate and has been integral to our scaling from a pilot at MCI-W to a statewide program.

Mr. Pack earned 118 credits at Morgan through the Prison Education Partnership. Unfortunately, his degree was cut short as he neared the finish line when the Pell Grant funding was taken away from incarcerated people in 1994.

Congratulations

See in Colors has an extended team that is available to work with you on projects across the country. Our team members are located coast to coast from California to Washington, DC. We have a combined experience of over 20 years in the field, creating powerful visuals for our clients.

See In Colors is a visual communication company headquartered in Maryland. We provide meeting facilitation, meeting visual aids, and meeting support. By using the power of visuals, we draw ideas so you can see solutions. Visual thinking through pictures and text sparks ideas and boosts understanding. We show government, for-profit, and nonprofit organizations how to work visually and get results.

We're a proud alumni member of the Goldman Sachs 10,000 Small Businesses Program and are WBENC/WOSB certified as a woman-owned business. You can learn more about our company at <http://seeincolors.com> and follow us at @seeincolors on all social media channels.

Virtual Graphic Recording Reveal

Brandon Black

"Today, we have Brandon Black from See In Colors joining us. He will be listening and recording our meeting with graphics. He will capture our discussions with hand-drawn pictures and text. The visual images will help us remember what we learned, spark new ideas, and boost understanding. Please feel free to take pictures of the charts during the breaks and in the display area. We will also share the digital version with you."
